About this document

MOCK DOCUMENT made for a hackathon demo. It is not an official KBC or insurer document, and the figures are invented.

What kind of insurance is this?

Car insurance (BA + omnium).

What is insured?

You back into a parked car: Your insurance pays for their repair (burgerlijke aansprakelijkheid). You skid on ice and hit a lamppost: The omnium pays to repair your own car, even though it was your fault (materiële schade). Hail dents the roof: Paid: hail, storm, fire and broken glass are covered. Your car is stolen: Paid, within the theft conditions.

What is not insured?

The gearbox breaks: Not paid: breakdowns and wear are not insured. You crash after drinking: The insurer may claim the cost back from you. Your laptop is stolen from the car: Not paid by the car policy. You are hurt in your own crash: Not part of this policy, and neither are legal costs.
